

(B) the frequency of those vehicles in the traffic stream;

(2) the safety-, emissions-, congestion-, and noise-related costs of highway use by various types of users, and other costs as determined by the Secretary; and

(3) the proportionate share of the costs described in paragraph (1) that are attributable to each class of highway users.

(c) REQUIREMENTS.—In carrying out the study under subsection (a), the Secretary shall—

(1) ensure that the study examines only direct costs of highway use;

(2) capture the various driving conditions in different geographic areas of the United States;

(3) to the maximum extent practicable, distinguish between costs directly occasioned by a highway user class and costs occasioned by all highway user classes; and

(4) compare the costs occasioned by various highway user classes with the user fee revenue contributed to the Highway Trust Fund by those highway user classes.

(d) REPORTS.—

(1) INTERIM REPORTS.—Not less frequently than annually during the period during which the Secretary is carrying out the study under subsection (a), the Secretary shall submit to Congress an interim report on the progress of the study.

(2) FINAL REPORT.—On completion of the study under subsection (a), the Secretary shall submit to Congress a final report on the results of the study, including the recommendations under subsection (e).

(e) RECOMMENDATIONS.—On completion of the study under subsection (a), the Secretary, in coordination with the Secretary of the Treasury, shall develop recommendations for a set of revenue options to fully cover the costs occasioned by highway users, including recommendations for—

(1) changes to existing revenue streams; and

(2) new revenue streams based on user fees.

TRIBUTE TO KEITH AND LINDA HAMILTON

Mr. BARRASSO. Mr. President, at the 109th Wyoming State Fair, Senator LUMMIS and I will have the pleasure of introducing Keith and Linda Hamilton as 2021 inductees to the Wyoming Agriculture Hall of Fame.

Growing up as the fourth generation on the Hamilton Ranch, Keith's agricultural involvement holds deep roots in working to advance agricultural leadership and conserve natural resources important to the western lifestyle. In 1975, Keith joined the Wyoming Farm Bureau and began taking on leadership positions in 1981 as the Big Horn County Farm Bureau vice president. In 1988, Keith joined the Wyoming Farm Bureau Federation board of directors and represented Big Horn, Fremont, Hot Springs, Park, and Washakie Counties as the northwest district director until 2010.

In addition to serving the agricultural community through the Wyoming Farm Bureau, Keith has been very active in serving on public lands boards, wildlife working groups, and livestock organizations. Keith has given his time to the Big Horn Basin Sage Grouse Working Group, the Big Horn County Predator Management Board, and is the past chairman of the

Wyoming State Grazing Board. Through his work, the wildlife of Wyoming is left more abundant for future generations.

As Mark Anderson, current chairman of the Wyoming State Grazing Board observed, "Keith is currently our valued representative on the Wyoming Board of Directors to the National Public Lands Council and he is the type of person I would like to have as a neighbor."

The Hamilton Ranch and Keith would not be as successful as it is today were it not for his wife, Linda. Linda has a servant's heart and has dedicated her time and efforts to many events and organizations within the Hyattville community. She served as a founding member of Wyoming Agriculture in the Classroom as well as on their board of directors. She has also served on the board of directors for Northwest College alumni, the Hyattville Methodist Church, and the Wyoming Association of Conservation Districts. Linda held the important role as a spokesperson for conservation districts in both State government and the legislature. Linda leads with a selfless volunteerism, a community-based spirit, and an outstanding work ethic.

In addition to their involvement in civic activities, Keith and Linda Hamilton's love and dedication for agriculture show both in their dedication to organizations, as well as in the improvement of operations on their ranch. The Hamilton Ranch was recognized as the 1998 Environmental Stewardship Award winner, as well as a Wyoming Centennial Ranch in 2015. Both of these reflect the nature of Keith and Linda as leaders in agriculture.

The Hamiltons were one of four operations to initially enroll in the Wyoming Stewardship Program in 1982. This program opened the door for the Hamiltons to work closely with agencies such as Wyoming Game and Fish Department, Wyoming Department of Agriculture, Bureau of Land Management, U.S. Forest Service, and Natural Resources Conservation Service on improving ranch operations. The Hamilton Ranch continues their involvement with these agencies today, leading the way for agricultural innovation and collaboration in Wyoming.

Keith and Linda are longtime members of the Wyoming Wool Growers Association, Wyoming Stock Growers Association, and past members of the Mountain States Lamb Co-op.

With the Hamilton family's unwavering commitment to our State, it is with great honor to induct them into the Wyoming Agriculture Hall of Fame. Keith and Linda Hamilton represent the best of Wyoming courage, optimism, and the Western Code. They have represented Wyoming's interests with dedication and distinction for many years. My wife, Bobbi, joins me in congratulating Keith and Linda Hamilton as 2021 inductees into the Wyoming Agriculture Hall of Fame.

TRIBUTE TO DR. JIM LOGAN

Ms. LUMMIS. Mr. President, today I am honored to recognize my good friend Dr. Jim Logan, who is being inducted into the Wyoming Agriculture Hall of Fame. Since the Wyoming Agriculture Hall of Fame was established in 1992, 67 agriculture leaders have been recognized for their substantial contributions to our great State. I speak for many when I say Dr. Logan is more than deserving of this distinguished honor. He built an outstanding career in Wyoming and has risen to the highest ranks of his profession. Beyond his professional success, he exemplifies what it means to be an outstanding Wyoming citizen.

Dr. Logan began his studies at the University of Wyoming in 1969 and continued his education at Colorado State University earning his doctor of veterinary medicine degree. Upon graduation, he returned home to Riverton, WY, and joined a veterinary medicine practice. He later opened his own practice, and for over 40 years, he graciously served his community. During that time, he established a strong reputation among Wyoming's farmers and ranchers. He quickly excelled and became a reputable leader in his profession.

After developing extensive knowledge and expertise in his field, he generously offered many years of service to the State of Wyoming. Dr. Logan served the Wyoming Livestock Board in many capacities, including as the State veterinarian. The agriculture community in Wyoming is grateful for Dr. Logan's contributions and his commitment to health and safety for an industry that makes up the very fabric of Wyoming culture.

As a member of various working groups and regulatory boards, he helped address some of the most pressing issues affecting our State. He was a central figure in the development of Wyoming Brucellosis Designated Surveillance Area regulations. With any decision, he constantly kept the best interest of Wyoming's livestock producers in mind. For this, we are thankful.

I would also like to mention that Dr. Logan has exceeded all expectations in what it means to be a leader in the community. His passion for agriculture has inspired the next generation of farmers and ranchers. Dr. Logan is a proud supporter of 4-H and FFA, serving as a mentor and instructor to young people with a heart for agriculture. He has also taken on many other leadership responsibilities on several State and national industry associations and committees, including the American Veterinary Medical Association, American Sheep Industry Association, and the Western States Livestock Health Association. Outside of the agriculture industry, he served as the chairman of the Riverton Memorial Hospital Board.

Earlier this year, Dr. Logan announced his retirement as the Wyoming State veterinarian. While his retirement is a true loss for farmers and ranchers across the State, no one is more deserving of a happy and joyful retirement. I want to offer my deepest congratulations on a successful career. It is my privilege to recognize Dr. Logan's achievements and honor his induction to the Wyoming Agriculture Hall of Fame. Wyoming is grateful for his decades of service and respect the personal sacrifices that were made for the State.

Dr. Logan, your contributions and dedication will always be remembered. As you start your retirement, you can be proud of the work you have done, but also know that you still have a long ride to enjoy. Happy Trails.

ADDITIONAL STATEMENTS

RECOGNIZING THE AMERICAN BAR ASSOCIATION HEALTH LAW SECTION

• Mr. CASSIDY. Mr. President, in 1996, the health law section of the American Bar Association was created to enhance the practice of health law and improve the understanding and development of Federal and State health laws and regulations. The members of the ABA health law section represent all aspects of the healthcare and life sciences industry, comprising a diverse group of lawyers in the private sector, government service, and academia. The health law section provides thought leadership on all issues within the healthcare industry and advocates for sound public policy. In addition, its members have played prominent roles in developing programs to train advocates for victims of breast cancer, in providing pro bono legal services to individuals through medical-legal partnerships, and in seeking improvements in the delivery of mental healthcare and treatment of substance use disorders.

I ask that the Senate recognize the tremendous accomplishments and contributions of the members of the American Bar Association health law section and extend its best wishes for many years of continued service to the healthcare and life sciences industry.●

TRIBUTE TO BUD OLSON

• Mr. DAINES. Mr. President, today I have the distinct honor of recognizing Bud Olson of Teton County as Montanan of the Month for his service to our country during World War II.

Bud was a member of the 82nd Airborne's 325th Glider Infantry Regiment, which participated in Operation Overlord, better known as D-Day. During that fateful operation, the 325th Glider Infantry Regiment sustained many crash landings, including Bud's glider.

Bud was the sole survivor after his glider crash landed. Following this

tragic event, Bud went on to help secure the bridge in Sainte-Mere-Eglise, which was the first village in France to be liberated by the Allies. Bud continued his service in campaigns throughout France, Holland, and Belgium and took part in the liberation of the Wobbelin concentration camp.

Military service has always had an influence on Bud. He is a 60-year member of the Choteau American Legion. For many years, Bud had "D Day 44" on the license plate of his car.

After the war, Bud returned to Teton County where he and his wife, Vi, worked the family's ranch outside of Choteau and has been an active member of his community. He served as a Teton County commissioner for 15 years, from 1965 to 1980. Bud has been an avid supporter of Choteau School District's athletics program, attending games in town and even traveling to cheer on his beloved Bulldogs.

Bud celebrated his 100th birthday on July 29, 2021. In celebration, Choteau Mayor Chris Hindoein declared it "Bud Olson Day." Residents were encouraged to fly flags in honor of Bud and to wear maroon and gold acknowledging his support of the Bulldogs.

Bud epitomizes the heart of a veteran—a Montana hero—whose selfless service will not be forgotten. On behalf of a grateful nation, I want to thank Bud for his service to our country, and I wish him a very happy 100th birthday.●

RECOGNIZING THE SLCC MEN'S SOCCER NATIONAL CHAMPIONSHIP VICTORY

• Mr. ROMNEY. Mr. President, I rise today to recognize the incredible athletic achievements of the Salt Lake Community College men's soccer program. This past season, their hard work and collective determination earned them the NJCAA Division One national championship title following a thrilling overtime victory in the final match.

The Salt Lake Bruins accomplished this feat after an undefeated conference season, tallying an ultimate record of 16-1-1 under the impressive leadership of Mark Davis and the entire coaching staff. On their path to the final, the Bruins were crowned champions of Region 18, West District, and the Scenic West Conference.

On June 10, 2021, Davis and his talented squad of young athletes, a union of Utahns and international footballers proudly representing the Bruins banner, faced top ranked Iowa Western in the final. Despite conceding early, the Bruins clawed back thanks to a sensational left-footed strike by Ryen Jiba. In overtime, Paul Richnow headed home the game winner to deliver the program its first ever championship trophy.

Champions are forged by years of supreme dedication to individual and collective improvement on and off the pitch. These athletes of diverse back-

grounds demonstrated their ability to excel as one team, and they should be immensely proud of their accomplishment. For their efforts, Bruins players and coaches earned numerous accolades, including Mark Davis being named SWAC and West District Coach of the Year, as well as Coach of the Tournament. His staff, including Cassie Ulrich, Ty O'Connor, and Jordan Carver, earned United Soccer Coaches Staff of the Year and four All American selections. Sophomores Levonte Johnson, Samuel Owusu, and Paul Richnow were named NJCAA First Team All Americans, and Richnow also earned MVP of the National Tournament. An additional 12 players have committed to playing at the NCAA level.

Individual performances and accolades are built on the strong foundation of a great team. Recently crowned champions also include freshman Jose Arellano, Christian Olivares, Daniel Tareke, Mason McRae, Taimu Okiyoshi, Jermaine Muirhead, Sergio Martinez, William Greener, Negue Kante, Santiago Delfino, Ethan Coleman, Hogeun Jee, Kai Phillip, and Samson Ahisu. Sophomores also include Omar Gomez, Freddy Cano, Brandon Cervantes, Jason Chavez, Andres Bermudez, Azriel Johnson, Johnathan Castro, and Rafael Calderon.

I extend my congratulations to the entire SLCC men's soccer program for their historic season and wish them the best of luck in their continued athletic and academic pursuits.●

TRIBUTE TO ROGER BEGIN

• Mr. WHITEHOUSE. Mr. President, I rise today to recognize a constituent and friend, Roger Begin. Roger serves as the Honorary Consul of France in Providence. In September, the French Government will award him the Legion of Honor, the country's highest order of merit, for his long and distinguished career in public service. I congratulate Roger on earning this recognition and thank him for his many contributions to civic life in Rhode Island.

As the Honorary Consul of France, Roger is a liaison to the French Government and helps Rhode Islanders with passports, immigration, and other government business. Roger previously had a lengthy and productive career in public service. A son of Woonsocket and graduate of CCRI and Bryant University, he was elected to the Rhode Island House of Representatives at the age of 19. After serving several terms, he went on to win election as Rhode Island's general treasurer and then Lieutenant Governor.

I served as legal counsel to Governor Bruce Sundlun during tumultuous years of crisis and reform, while Roger was Lieutenant Governor. Serving in government in times of crisis is a bonding experience.

Outside of his time in government, Roger has served on the boards of many mission-driven organizations in our community. From the Meeting
